PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student with a strong interest in Java, SQL, Python, Software Development. Familiar with building Web Applications, working with databases, and developing practical software projects. Strong problem-solving mindset with a willingness to learn new technologies. Seeking an entry-level software development opportunity to contribute technical skills while growing as a professional.

EDUCATION

KS Institute of Technology, Bengaluru, Karnataka *2023 – 2027*
B.E. – Computer and Communication Engineering (CCE) | CGPA: 7.2

RNS Pre-University College, Bengaluru, Karnataka *2021 – 2023*
PUC | Percentage: 70%

Our English High School, Bengaluru, Karnataka *2019 – 2021*
10th Grade | Percentage: 60%

PROJECTS

RecruitAI – AI-Powered Recruitment Platform *Feb 2026 – Aug 2026*

- Developed a full-stack recruitment platform with separate Student and Recruiter roles and JWT-based authentication.
- Implemented recruiter job creation, viewing, updating, and deletion, along with student job browsing.
- Built application management with accept/reject status tracking and recruiter applicant management.
- Integrated Spring Boot, MySQL, and React.js to provide an end-to-end recruitment workflow.
- Developed AI-based resume analysis functionality using FastAPI, including resume data extraction, skill identification, resume scoring, and job matching.

OmniMesh AI – 2D Sketch to 3D Mesh Reconstruction using VR *Aug 2025 – Dec 2025*

- Developed an AI-powered web application for reconstructing 3D mesh models from 2D sketches using deep learning and computer vision.
- Implemented a two-stage AI pipeline using ResNet50, PyTorch, and generative AI models for 3D reconstruction.
- Built a React + FastAPI application with real-time 3D visualization using Three.js and WebXR.
- Deployed the application on AWS with GPU acceleration and implemented model export in OBJ and STL formats.
- Worked with multimodal datasets including TU-Berlin, ShapeNet, Sketchy, and ModelNet.

TECHNICAL SKILLS

Programming: Java, Python (Intermediate)
Backend: Spring Boot, REST APIs, FastAPI, JWT Authentication
Frontend: React.js, HTML, CSS
Database: MySQL

CERTIFICATIONS

- Digital Skills: Artificial Intelligence — Mar 24, 2026
- Introduction to IoT — Nov 04, 2025
